

Brackets, V-Notch

In the mid 1980's Grass America developed Double Captive Slides with Integrated V-Notch for the Kitchen Cabinet Industry. **TENN-TEX** Plastics worked jointly with Grass America to develop the V-Notch Plug-In Technology. This system offered the Cabinet Manufacturers a quick two-step cabinet member installation process which eliminated the need for hanging rails and thereby reducing labor time and cost. V-Notch Brackets offer you ***The Simple Solution.***
