bracket with back plate, right	C-270-03	C-303-03
Bulk (200/box):		
back plate only	C-257	C-257

- This screw-on bracket works with many generic self-closing epoxy side mount slides.
- The optional C-257 back plate snaps on easily and provides side-to-side adjustment in the field.
- Made from strong ABS polymer, these brackets perform well in hot or cold environments.

A TRIAL MOUNTING IS STRONGLY SUGGESTED!
